SUBJECT No. 603.

Admission of non-brahmin students to Government Sanskrit Colleges in Bangalore and Mysore.

Mr. H. K. Vèerabasaviah, Mysore Lingayet Education Fund Association.

Summary of Representation.—It is requested that non-Brahmin students may be admitted to Government Sanskrit Colleges in Bangalore and Mysore.

SUBJECT No. 604.

Free admission of Lingayet students to Colleges.

Mr. H. K. Virabasaviah, Mysore Lingayet Education Fund Association.

Summary of Representation.—Lingayet candidates who pass the Mysore School Final Examination may be admitted free into the two Mysore Colleges.

SUBJECT No. 605.

Scholarships for higher education.

Mr. S. Seetharamiah, Shimoga taluk.

Summary of Representation.—Of the scholarships now granted for the advancement of higher education in various branches, one may be reserved in each for deserving students from the malnad parts of the State, as no attention is paid at present in the disposal of scholarships to the needs of pupils from the malnad who are backward and deserve special encouragement.

SUBJECT No. 606.

Scholarships for Urdu.

Mr. M. G. Mekhri, Central Mahomedan Association, Bangalore.

Summary of Representation.—Referring to the notification in the *Mysore Gazette* reducing the number of mahomedan scholarships granted to teachers deputed to read in the Upper Secondary class of the Normal School at Mysore from 12 to 7, the Association begs to urge that in order to meet the growing wants of the Lower Secondary schools which are in need of trained Upper Secondary headmasters, the number of scholarships fixed originally may not be curtailed. Twelve scholarships were fixed when the number of Hindustani schools was one half of what it is now, and the number of Lower Secondary schools requiring such qualified teachers was very small. As the present number of schools teaching up to the Lower Secondary standard already exceed 50, it does not stand to reason that the number of scholarships should be reduced. On the contrary the original number deserves to be increased in the interests of better education.

SUBJECT No. 607.

Scholarships to Mahomedan students.

Mr. Mahomed Kabulla Hussain, Anjuman-i-Himayath Islamiah, Molakalmuru.

Summary of Representation.—The number and rate of scholarships now granted to the Mahomedan students may be increased with a view to help the poorer classes to prosecute their studies for the School Final Examination and for the collegiate course.

SUBJECT No. 608.

Technical scholarships for Mahomedan pupils.

Mr. M. G. Mekhri, Central Mahomedan Association, Bangalore.

Summary of Representation.—If the Government are graciously pleased to reserve a suitable number of scholarships for Mahomedan youths in the different technical institutions (such as the Electrical, Mechanical) recently opened, a great impetus will be given to the spread of this useful education among Mahomedans who have special aptitude. The Association will gladly elect deserving pupils for the same.
